

Art.nr: 2550

NM Cable Holder

NM Cable Holder snaps into the frame on the back of the solar panel. The product keeps the cables securely in place, making it easy for the installer to fix the cable without zip ties or tools. NM Cable Holder saves time, simplifies the work, and contributes to a neat final result. Additionally, it fits all panels where the distance between the junction box and the inner edge of the frame measures 82-173 mm. NM Cable Holder is patent pending: 2430069-1.

Performance

Our products are designed and tested to make installation as hassle-free, easy and safe as possible. Feel free to contact us if you have any questions, and we will be happy to help you.
