

Art.nr: 2220

NM Joint Tool

This joint tool is designed to simplify the assembly process, making it easier to position rails correctly on metal roofs without the need for additional joint components. The tool is both convenient and user-friendly, saving time and facilitating installation.

Performance

Our products are designed and tested to make installation as hassle-free, easy and safe as possible. Feel free to contact us if you have any questions, and we will be happy to help you.
