NM Screw 30 mm

NM Screw 30 mm is used together with our shim washers to achieve a generous height adjustment range when fastening the rail to the NM Hyper Meta. With this screw, up to four shim washers can be used, allowing the mounting to be built up by a total of 16 mm.

Performance

Our products are designed and tested to make installation as hassle-free, easy and safe as possible. Feel free to contact us if you have any questions, and we will be happy to help you.
