NM Hyper Plate

NM Hyper Plate is a fastening plate designed for waterproof membranes and roofing felt. It is installed to create a stable and secure connection to the roof surface. The plate ensures a completely watertight mechanical fastening without increased risk of leakage. NM Hyper Plate is designed in accordance with the Tätskiktsgarantiens guidelines from 2024.

Performance

Our products are designed and tested to make installation as hassle-free, easy and safe as possible. Feel free to contact us if you have any questions, and we will be happy to help you.

Productdetails

Length	520 mm
Width	350 mm
Height	2 mm
Warranty	30 years
Snow zone	1-5,5
Corrosion class	C4
Manufactured in	Sweden
Material	ZM310
