

Art.nr: 8004

NM Flow Line

NM Flow Line is a cable channel for solar panel installations on low-sloped roofs. It clicks into the system's tall base module and can be extended by connecting multiple channels, ensuring organized and safe cable management.

Performance

Our products are designed and tested to make installation as hassle-free, easy and safe as possible. Feel free to contact us if you have any questions, and we will be happy to help you.
