# NM Flow Setter

NM Flow Setter is a spacing tool for solar panel installations on low-sloped roofs. It can be easily adjusted to match the panel's dimensions and clamp zone, ensuring correct placement of the system's base modules and facilitating a precise installation.

## Performance

Our products are designed and tested to make installation as hassle-free, easy and safe as possible. Feel free to contact us if you have any questions, and we will be happy to help you.

## Product details

Length	2000 mm
Width	40 mm
Height	75 mm
Weight	1300 g
