

Art.nr: 8005

NM Flow Strip

NM Flow Strip is an EPDM mat designed for solar panel installations on low-sloped roofs. The mat is placed under the system's base modules and meets waterproofing warranty guidelines for slip and wear protection, ensuring a gentle and secure interface between the roof and the mounting system.

Performance

Our products are designed and tested to make installation as hassle-free, easy and safe as possible. Feel free to contact us if you have any questions, and we will be happy to help you.
