

Art.nr: 7010

NM Edge Protection

NM Edge Protection is a gable protection that makes it easier to put safety first. NM Edge Protection is mounted directly on our brackets, and can therefore be part of the safety of all types of roofs. After attachment, the protection is folded up and connected to construction scaffolding or another fixed point on the long side through a scaffold tube or truss beam.

Performance

Our products are designed and tested to make installation as hassle-free, easy and safe as possible. Feel free to contact us if you have any questions, and we will be happy to help you.

Product details

Length	142 cm
Width	14,5 cm
Height	16 cm
Weight	8,3 kg
Manufactured in	Sweden
