NM Toe Board Holder

NM Toe Board Holder is a toe board holder designed for NM Edge Protection. The holder is attached directly to the guardrail with connectors, with the required number depending on the size and angle of the roof. For more information on recommended toe board dimensions, placement, and installation of the holders, please refer to the installation manual for NM Edge Protection.

Performance

Our products are designed and tested to make installation as hassle-free, easy and safe as possible. Feel free to contact us if you have any questions, and we will be happy to help you.
